

Join us for a

MathTalk Pop Up!

WHAT

MathTalk is planning to bring new math installations at MLK School very soon! Before that, we want to test out some ideas and math activities with families and kids. The goal of the Pop Up Event is for kids to have fun outdoors exploring math concepts and for us to collect feedback about how to make our math installations better for the community! There will be snacks, music, and other activities.

WHO

Children ages 3–8 (all ages welcome!)
and their caregiver(s)

WHEN

Friday April 21
2:30–5pm

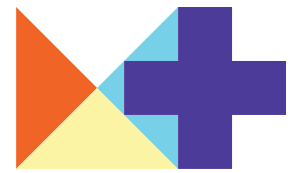

WHERE

Dr. Martin Luther King, Jr. School playground
100 Putnam Ave, Cambridge MA 02139
