& Various Organizations In The Greater Boston Area Present

FASTATHON

Breaking Fast Together

Building bridges over
Ramadan

Come join the Fastathon, where we challenge you to fast an entire day with us on Saturday, April 6, 2024. The Fast-a-Thon is an event where individuals commit to fasting for a day and donating the money they would have spent on food to a social action cause. After a day of fasting, participants come together to break their fast and reflect on their experiences as a community. This event provides a unique opportunity for people from different faiths and ideologies to come together, learn from each other, and work towards a common goal of social justice. Also, it is a platform for individuals to express their religious and non-religious beliefs.

The theme of the FASTATHON will be food access and hunger, and all proceeds will be donated to hunger relief organizations

Please use the QR code to RSVP as limited seats are available
