To register for Summer Experience programming, DHSP is using an online registration system called Trax Solutions. Each family will need a Trax Online Account in order to register for Summer Experience programs. Please see the steps below to help guide you through the online registration process. If you prefer not to submit your registration online, please email Summer2020@cambridgema.gov or call 617-349-9790.

Activities are organized by grade band. Please use the URL that is for your child’s grade during the 2019-2020 school year. Please note that children must have completed one year of Kindergarten to participate in Summer Experience programming.
