CLASSES

WCT

PlayMakers - Online

(Gr 3-7)

WCT's PlayMakers get the exciting opportunity to write and act in their own short works of theatre! Young playwright/performers experience the journey of a play from idea to performance as they draft scripts, create characters, design sets, and more in this fast-paced class. This program culminates in an online final performance. NOTE: Depending on the age distribution of participants, the ensemble may work in groups according to age.

WCT

CYC Backstage

Like a Cyclorama (or Cyc) curtain enclosing a stage to create a background, WCT's CYC Backstage program serves as the basis for all technical/production work at WCT. CYC students have the opportunity to explore all aspects of technical and production based theatre. Active CYC students receive priority consideration for serving as crew members for season productions, work alongside professional designers, and receive opportunities (based on skill level) to design showcases and student productions throughout the year.

LEVEL 2 - Core Seminars Online

(Gr 8-12)

In order to allow our Core CYC participants to continue building skills in their chosen areas while we are offering programming online, we have created CYC Level 2 - Core Seminars.

Core seminars will serve as the equivalent of the CYC Level 2 - Core Apprentice program for students to complete goals for their own learning as a part of WCT's CYC Backstage program. Training with professionals in these areas provides students with the skills to confidently contribute to a production process.

Successful completion of the Core program through Apprenticeships, Seminars, or a combination of the two provides students with the opportunity to lead a technical or production process for a WCT showcase, festival or other production opportunities as members of the CYC Company. Core members are encouraged to explore several areas before choosing a focus and applying to the CYC Company program. Completion of CYC 1 (or exemption*) and meeting grade level requirements (Grades 8-12) are both required for participation in this class.

Private Voice Lessons

Grade 4- adult

Private voice lessons will be offered online this fall. Currently our voice program is full. Current students will be contacted first, and if spaces are available, we will reach out to the waitlist. To join the waitlist, visit <https://www.mosesianarts.org/childrens-theater/wct-private-voice-lessons>.

Interdisciplinary

Story Explorers Online

(Gr K-2)

In Story Explorers, participants explore theatre and visual art through the lens of their favorite stories. They engage their imaginations and hands to make several pieces of literature-related art and have the opportunity to dramatize a familiar story through acting, music, and character movement, bringing their artwork to life in an online showcase!
